FAQ

Is this process mandatory?

Going forward, this is our way of working and all suppliers will be required to participate.

I am not the right person, what should I do?

If you are not the correct person to communicate with Asahi, please forward the invitation to responsible person. If in doubt, reach out to your Asahi counterpart to discuss further.

I was told there are fees related to usage of SAP Business Network. What are the costs?

There is no fee for registration and participation on Asahi events. Nevertheless, SAP Business Network offers also paid membership with benefits relevant to suppliers.

I already have SAP Business Network. Can I use it?

Yes. You can use one account to manage more client relationships. If your company has more de-centralized management, you can opt to create separate account to manage business with Asahi only.

FAQ

I am already registered at Asahi as supplier. Is this applicable to our company?

Existing suppliers are not required to re-register in order to continue to receive PO or conduct existing business, but in instance of new invitation to one of our sourcing events or request to review your company details, you will be requested to create SAP Business Network account in order to respond to the request and/or participate on the event.

Do I have deadline to respond?

Yes, each request has deadline for response. Supplier invite email link will be expired after 30 days. Also, each individual questionnaire has own remaining time shown at the top right corner of the questionnaire.

What happens if I do not register via SAP Business Network?

Completing our process via SAP Business Network is for our suppliers mandatory. Not completing it on time, could result in non-compliance and impact our trade relationship.

Can I save progress and continue later?

Yes. You can save and continue later by logging to your account and re-opening the questionnaire that you have left open.
